## **Apogee Seminar Tour**

For more than twenty years, Apogee Electronics has produced the finest digital audio conversion products. As part of a recently announced partnership with the world's largest media education college, SAE Institute, product specialist Marc Fenton is visiting New Zealand to talk about Apogee's product line, its integration with Apple and Digidesign products (including Pro Tools, Logic and Garageband), the company's background and insights into conversion technology. This is an exclusive Seminar for all SAE audio diploma students and selected industry professionals.

**Who:** Marc Fenton for Apogee & SAE Institute

**Where:** Parnell Room, Kingsgate Hotel  
92-102 Gladstone Rd, Parnell

**When:** 8 February 2010, 10am to 1pm

**Cost:** Free Seminar
